Join us for this year's

Kelly Mine Camp

August 11-16, 2024

LEADERSHIP

Tech aspires to empower the development of students as they define their purpose and engage in the ethical, inclusive, and empowering process of leadership.

"The camp was a great bonding experience to meet people at the school without the stress of classes on our backs and it has made many lasting friendships for us."
-Laurel '23

Values:

- Integrity
- Inclusivity
- Community
- Empowerment

LEARNING

COMMUNITY

"I met some of my best friends in there." - Nomar '23

We know college is all about learning, but some of that learning happens outside the classroom and can be fun too. Here is your chance to learn about Tech and to create your own successful "inside track". You will be led by undergraduate students of Tech who embody the Miner Spirits and are great examples of what it means to successfully transition into college life.

"It was overall a great experience that helped me meet new people before starting school, and taught me some things I didn't know about leadership and working with other people."

-Nathan '22

"It was a great opportunity to get started in the college life without so much stress, plus I got to meet some of my best friends there."

-Jennifer '22

Activities include:

- Pool party night
- Game room night
- Small group tours
- Ropes course
- Workshops on different topics such as: mental health, studying tips, Tech clubs, and others
- Surprise ice breaker
- Yoga classes

Students will learn what it means to be a Miner, create Tech traditions, meet other Techies, make new friends, and find support systems. Camp Mentors will serve as a support system for participants, and as a resource for each and every student at KMC, Tech, and beyond!!
